# JETT S

BALANCED BOULDERING  
SHOE THAT BLENDS  
PERFORMANCE WITH  
COMFORT

Designed for semi-advanced boulderers looking for the perfect combination of precision, comfort, and adaptability.

With a split sole for enhanced flexibility and grip, this shoe provides excellent sensitivity on small footholds while maintaining all-day comfort. The secure Velcro closure ensures a snug fit, while the slightly downturned last supports dynamic movements on overhangs and technical slabs.

- Split sole construction for enhanced flexibility and grip
- Slightly downturned last with medium asymmetry for precise footwork
- Secure single velcro strap for quick adjustments
- Comfortable upper from microfiber for extended sessions
- Reliable choice for indoor and outdoor bouldering

SPORT CLIMBING SHOE  
THAT DOES NOT  
COMPROMISE ON  
COMFORT

A climbing shoe for those who seek the ideal balance between comfort and performance.

Featuring our super adhesive CAT 1.5 rubber, this shoe delivers excellent grip and support. It is now fully vegan, using only materials with no animal-derived components. The seamless heel construction enhances comfort and prevents pressure points, making it suitable for both gym and outdoor climbing.

- Last with medium asymmetry and a slightly higher volume in the instep and toe box
- Secure and precise fit while remaining easy to put on
- Rand construction and CAT 1.5 rubber provide the stability needed for hard climbing
- A reliable choice for both gym and outdoor climbing
- Seamless heel construction for maximum comfort

RELIABLE CLIMBING  
SHOE FOR LONG  
CLIMBS

Designed for technically challenging routes where precise footwork matters.

The long and partly covered lacing system ensures a precise fit and protects against abrasion. The hard midsole, combined with a slightly larger volume in the instep and toe box, provides stability and comfort for extended climbing sessions, whether on multipitch or long sport routes.

- Last with medium asymmetry and larger volume in the instep and tip
- Precise lacing, covered in the tip to avoid abrasion of the laces
- Chosen materials and wide breathable tongue increase comfort in long climbs
- Super adhesive CAT 1.5 rubber works even on tiny footholds
- Seamless heel construction for maximum comfort

# RIBBIT

COMFY CLIMBING  
SHOE FOR YOUNG  
EXPLORERS

Designed for the tiniest climbers, Ribbit combines comfort, performance, and ease of use to help kids tackle their first climbing challenges.

With a seamless heel design that offers a snug fit and extra comfort, this shoe is perfect for little feet. The Velcro closure makes it easy for kids to put on and take off their shoes without any hassle. The rubber sole provides excellent grip on climbing holds, ensuring the best experience.

- Seamless heel construction for enhanced comfort and support
- Easy-to-use Velcro closure for quick on and off
- Meets orthopedic requirements for healthy foot development
- Vegan-friendly design with no animal-derived materials
- Dual sizes for longer-lasting use as kids grow
